Middle of Lough Derg	1 hr 15 min			

	Approx time		No. of locks	
Inishfendra	45 min	45 min	0	0
Belturbet				

Times are an approximation only and are calculated on the basis of an average speed of 7.5km/h and an average time of 12 minutes to pass through a lock. Your speed, the flow of the water and the time it takes to go through locks will all affect your progress.

5 Maximum speed allowed on canals in km/h

There are no speed limits on rivers and in loughs, although please slow down as you pass moored boats, marinas, fishermen and in narrow channels where your wash can cause damage to the bank and wildlife.

↑ ↓ Pass oncoming boats on the right-hand side
